

Learning effectively from home

Log in to Synergy each day. To remain in a routine, be logged on each morning by 8:40. Some mornings you will have an assembly or your Personal Tutor might message you to check in with you.

You will follow your timetable as normal. Nearly all of your lessons will be live lessons apart from PE in Year 7, Year 8 and Year 9. Your PE teacher will set work for you on Synergy when you would normally have PE.

On some days, your class teacher may be in school supervising students so won't be able to deliver a live lesson. On these days, your class teacher will set work for you to complete.

Lessons will be set up for one hour however, the first five minutes will be used to admit students and give the class teacher time to set up. Lessons will finish 5 minutes before the end to give you and the class teacher time to get ready for the next lesson.

Whilst the live lesson will run for the whole lesson, class teachers will plan activities where you have to work independently for a period of time. This is important as we don't want your staring at the screen for long periods of time! In between lessons / where there are opportunities within the lesson, try to make sure you move about / move away from the screen.

Delivering a live lesson is not easy, so your participation is really important. If there are opportunities to speak over the mic or use the chat function, do so. Remember, this is still a lesson so the same behaviour expectations apply as they would if you were in school.

At certain points, your class teacher will ask you to submit work. This will allow them to review your learning, address any misconceptions / errors, to give class feedback and most importantly to monitor your engagement.

Not all work submitted will be given feedback. Class Teachers will provide feedback on your MAPs / P2S tests which you will be asked to complete at home.

Lessons for Y9, Y10 and Y11 will follow the same timings as the usual school day. For Y7 & Y8 there will no longer be a split lunch / break. Please see the timetable below for an overview of the timings for each lesson.

Year	P1	P2	P3	P4	P5
